

Puppy School – what will we cover?

Puppies need to be fully vaccinated and **under 20 weeks** at the start of the course. The comprehensive programme has been carefully designed to take you through all the obedience basics giving you a good foundation for life with your new puppy or for any dog training sport you choose to do later.

The puppy training exercises gradually progress from easy to more complex, building on your puppy's understanding and reliability each week. We will support you to give your pup their best start in life!

Duration : Course lasts 6 weeks, each class lasts 1 hour

Cost : £115

You will learn how to teach your puppy to:

- Come when called

- Walk on a loose lead without pulling
- Get used to being handled and examined for the vets and groomers

- 'Gentle' (taking food from hands gently)
- Accept people near to food bowls, bones and chews
- Stop play biting
- Socialise with adults, children, and other puppies attending class
